

Pharmedix Holiday Closures

Please plan ahead and get your orders in early.
Call 1-800-486-1811 or visit [our website](http://www.pharmedixrx.com).

Due to the Covid-19 pandemic, and in order to allow our employees time to quarantine before the holidays, we will be closing December 17th through January 3rd. We will resume our usual schedule January 4th.

If you anticipate needing PPE supplies for your reopening in January, please stock up now. *The last day to order for shipping before our closure is December 10th.*

We currently have ample supply of hand sanitizers, thermometers, oximeters, and individual personal protection kits (includes gloves, masks, hand sanitizer for one person). We have a limited supply of sanitizing sprays, wipes, and gloves.

We also offer CLIA-waived COVID-19 antigen or serology tests - call us for more information.
